Four men in Massachusetts recently placed some frozen dynamite near the fire to thaw the same. The explosion which followed furnished ample proof that fire as a thawer is simply pre-eminent.

Effie Ellsler.

A popular actress in a play that is attracting a very large share of attention from the amusement going public of the country will be the magnet to attract playgoers to the Opera House on Saturday evening.

Effie Ellsler is an actress our theatre patrons have the greatest regard for, and has ever sustained her reputation as a brilliant and conscientious artist. On the present occasion she will present her latest original creation "Doris" in Robert Drouet's play of that name, and which has made such a marked and favorable impression elsewhere. While the play itself is said to be unlike any in which Miss Ellsler has been seen in recent seasons, having much less of their gruesome, fearful tendencies. Yet, "Doris" is similar to those characters in which the favorite actress has won the affectionate regard of playgoers. It is said by those who saw "Doris" that in "Doris" Effie Ellsler has the greatest character in her repertoire.

There are new faces in this well known organization, but many of the old favorites are still with the company; notably, Frank Weston, Robert Drouet and C. W. Cuddock.

Sets now on sale at Steinmetz's Drug Store.

CHANGES COMING.

A Reorganization Positively Decided Upon at the University.

The Silver State has been permitted to copy portions of a private letter from Reno which contains matters of importance to the taxpayers and citizens generally. It says among other things "the greatest effort is being made to keep secret a change, or rather a series of changes in the personnel of the university from the head down. The regents have become dissatisfied with the character of work done in several departments and intend to reorganize the faculty from president to gardener at the end of the present school year. Of course this does not mean that all who are now in the employ of the State will have to go, but some will sure. We don't care particularly, so far as our work goes, and in some respects we will be glad of a change. The complaint is made that bad moral examples are held out to the young men in the way of smoking, etc., while the easy going nature of the president does not suit the fiery disposition of the board. Then there is too much outside business going on. One man gets a commission on all the books he can work in, another is agent for typewriters, three sell bicycles, one does a brokerage and money lending business, another is known in real estate trades, and others turn an honest penny in the time not taken up by recitals, or preparation for them, although they are hired by the year and are paid monthly salaries. We think the university is a splendid school and all the students are doing well, but there is a chance for more enthusiasm, and better work in several lines."

A Railroad Ticket.

The new and entertaining farce-comedy "A Railroad Ticket," which will be presented at the Opera House on Friday evening, has scored immense success everywhere. Rarely has a new play of this order received such unanimous praise. The story of the piece is an entertaining one and is as follows:

By the will of their father, Robert and Jack Tickets are left a small but equal sum of money to start in business, the one having the larger bank account at the end of the year to receive two-thirds of his father's fortune and the other the remainder.

Robert becomes the "best posted ticket broker in the United States," and Jack becomes a perfume drummer. They are both in love with the same girl, and she is so much in love with both, she refuses to give her answer until the end of the year. Robert, tired of waiting falls in love with his short hand writer, gets married, settles down to business and wins the fortune, while poor Jack gets only the idol of his heart and a few paltry dollars.

Sets now on sale at Steinmetz's Drug Store.

May Fight in Mexico.

Parson Davis is endeavoring to force Corbett to keep his contract to fight Peter Jackson in June. It seems hardly probable that he will succeed, however, as the champion is too busily engaged making money to halt in his prosperous career to go into training for another match. Davies may try hard, but he will not be able to make Corbett fight until he gets ready.

An El Paso, Tex., syndicate has come forward with an offer of \$65,000 for the Jackson-Corbett fight. They declare they can bring the fight off over the Mexican border, where there will be no danger of interference of any kind.

The bid is surely a liberal one, but to a man up a tree with a good view of the situation, it looks very much as if it is in excess of the amount that the battle would draw.

A secret oath-bound organization, known as the "No Sir Club," is spreading among the young women of Colfax, Washington. It is aimed at the see-you-home practice of stingy gallants.

Thomas J. Partridge, a blacksmith recently from Arizona, was examined as to his sanity at Los Angeles. While being questioned, he drew from his pockets money and evidences of value amounting to \$13,000.

George V. Mulligan, City Treasurer of Healdsburg is dead. The story of the robbery of the City Treasury last fall and the finding of Mulligan tied to a tree in the graveyard is well known. Suspicion pointed to the City Treasurer's complicity in the robbery, and it is thought that this worked upon his mind and hastened his death.

A rare specimen of Solomon's Lily (Lilium sancticum), sometimes called the "black calla," is now in bloom at Mrs. P. M. Kilbourne's, Walla Walla. The leaf proper is pendant, which is its natural position, and is a very deep, beautiful purple black in color, and the spadix or spike is of ebony blackness. The lily came direct from the Holy Land, having been sent from Jerusalem by W. H. Winans, who came across it during his travels there last year and gave it to Mrs. Kilbourne.

Huntington's Shrewd Move.

SAN FRANCISCO, March 27.—The Examiner will to-morrow announce that C. P. Huntington, H. E. Huntington and Charles F. Crocker have resigned from the directorate of the Central Pacific Railroad Company. The Stanford and Hopkins interest are likewise out and the Examiner says that the subordinate clerks will be elected to the vacant positions on the directorate.

The object of this move, it is alleged, is to avoid payment by the Southern Pacific of \$1,300,000 annually for the lease of the Central Pacific. The plan is to remodel the contract so that the old Board of Directors of the Central Pacific, which was the same as the directorate of the Southern Pacific, resigned in order that they might not be accused of playing from one hand into the other.

Notice.

All persons having claims against Ormsby County will please present the same at the County Clerk's Office from this date until March 31, at 3 o'clock p. m.

By order of the Board of County Commissioners,
